**HUSBAND RESCUED
DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.
The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.
At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."
If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

NARDIN LABORATORY
REOPENED YESTERDAY
FITTING EXERCISES HELD BY COUNTY MEDICAL SOCIETY
ADDRESSES MADE
Three Visiting Doctors Made Appropriate Speeches Before Dinner.

The exercises of the reopening of the Nardin laboratory at the Anderson hospital were held yesterday and they were attended by nearly all of the members of the Anderson County Medical Association, among them being Drs. Olga Pruitt, Neuffer, Wilson, Howard, Henry, Sanders, H. A. Pruitt, Olga Pruitt, Young, W. T. Lander, Frank Lander, Duckett, Dean, Townsend, Denny, Hines, J. C. Harris, H. H. Harris, J. W. Williams, H. M. Habb, R. F. Diver, Acker, Shirley, Donald, Epling, Wilhite, Gray, Ashmore, Watson, Nardin, Wade Thompson, Smethers, Ross, Kirkpatrick and President Ligon of the hospital, Mr. C. S. Sullivan and Mr. J. H. Godfrey.
The meeting was called to order at 12 o'clock in the sun parlor with Dr. B. A. Henry, president of the medical society, presiding.
The first speaker on the program was Dr. C. A. Neuffer, of Abbeville, whose subject was "Some Observations on What the Laboratory Has Done and Is Doing for the General Practitioner." He was followed by an address by Dr. F. A. Coward of Columbia on "The Function of the Laboratory in the Work of the Modern Hospital," at the conclusion of which a discussion was entered into, Dr. Olga Pruitt, director of the Anderson hospital laboratory leading.
Dr. T. W. F. Wilson of Greenville was the last speaker and his subject was "The Practical Side of the Operation and Maintenance of the Modern Hospital Laboratory."
After this the hospital plant was inspected by the visitors and then a most delightful dinner, which had been prepared by Mrs. R. S. Ligon, Mrs. C. S. Sullivan and Mrs. B. A. Henry, was served.
When the hospital was destroyed by fire three years ago the laboratory which was kept up by Dr. W. H. Nardin, Sr., during his life time was burned and has not been replaced until a few days ago. The old laboratory was insured and by adding more to this the equipment was replaced and new machines added. The exercises yesterday were held as a fitting reopening of this part of the Anderson hospital.

Ladies! Look Young Darken Gray Hair
Use the Old-Time Sage Tea and Sulphur and Nobody Will Know.
Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Woods' Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.
